Our Philosophy

You are welcome to Amazing Care Systems Inc, the center for excellence in Nursing. Congratulations on making the important decision to further your education and choosing a laudable profession such as nursing. Amazing Care Systems BNAT program is dedicated and well-fortified in providing you the knowledge needed in pursuant for your professional and educational goals.

BNAT Goals: To instruct students to maintain a high standard of quality of life to all health care consumers. Use the skills learnt throughout the program to demonstrate the high level of excellence in nursing in the health care services.

Communication: Students will be able to communicate in a manner appropriate for nursing staff and as a member of a healthcare team. Act as the residents’/patients’ advocate using the communication skills learnt from this program. Efficiently communicate to the healthcare professional the needs of the consumer.

Assessment: Will be able to collect data needed for the healthcare team to make informed decision regarding the appropriate care plan for the healthcare consumer. Use skills appropriate for a nurse assistant to communicate to the healthcare providers the needs of the consumer and evaluate the consumer

Mission: The mission of the nursing program at Amazing Care Systems Inc. is to meet the nursing educational needs of the service area. Graduates are prepared to function in a variety of health care settings, providing culturally sensitive, holistic nursing care to individuals and families across the lifespan. The nursing faculty supports graduate competency in an evolving and complex health care environment by facilitating the students' development of clinical judgment, promoting professional behaviors, and fostering the value of lifelong learning.

BNAT Program Description

The Nursing Assistant program is designed to prepare individuals to administer patient care as members of a nursing team in hospitals, nursing homes, home health agencies, and other extended care facilities. The nursing assistant course consists of 5 weeks program of 120 hours consisting of theory, laboratory and clinical content. The course is approved by the Illinois Department of Public Health. Successful completion of the NATCEP exam is required for employment as a Certified Nurse Assistant.

Program Objectives

By the end of the program/course, the student will demonstrate 21 clinical basic skills through a combination of lecture, Lab and supervised clinical experiences at long-term healthcare facility.

ACSI will train every enrolled student to gain knowledge in both clinical and didactic areas in the field of Basic Nurse Assistant. Upon successfully passing the program with 80% or higher and after passing the clinical practicum of the course, the student will receive a certificate of competition. Student will also be eligible to sit for the State licensure Exam.

Students are required to pass the Illinois State Certification Exam for Certified Nursing Aide to work as such in the state of Illinois. For more information, please visit the Illinois Nurse Aide Testing website.

Please visit INAT website for the latest exam certification information.
